

FOR YOUTH DEVELOPMENT
FOR HEALTHY LIVING
FOR SOCIAL RESPONSIBILITY

July 19, 2022

Dear Families,

We would like to thank you for choosing the Westfield YMCA Preschool for your child's preschool experience. While your child is in our program we will encourage growth in self-confidence and self-discipline, ability to listen and follow directions, working together and playing in a group, and a positive feeling about school.

We are looking ahead and planning for a fun and enjoyable school year beginning in September. Activities, field trips and creative art projects are being planned; new books, equipment and supplies are being purchase; and teachers are discussing new ways to make this a great school year.

In mid August you will receive information on the first days of school. We also will need a current physical with shot record to be printed out by your physician if you haven't already turned one in.

Have a wonderful summer.

Sincerely,

Michelle Anamisis

Michelle Anamisis, Youth Development Director
