- All Classes are 45 minutes in Length unless otherwise noted
- You may take a class anytime, any day during the session.
- Members age 12 & 13 may attend classes with a parent.
- Registration is encouraged in case of change in class schedule
- ** Reservation is required for these classes. Reservations are open 24 hours in advance.
- \$ TRX and Fit After 50 classes have an additional cost
- @ indicated hour long class
- # indicated half-hour long class
- Tuesday Body Shaping is a Barre class on the first Tuesday of the month.

- AOA Balance & Better Bones: Active Older Adults- Age 55+ For physically deconditioned individuals, increase muscular stabilization, strength & coordination, balance and range of motion as well as improving everyday living skills.
- AOA Going Strong 1: Age 55+ Includes low impact aerobics, strength training, and floor work.
- AOA Going Strong 2: Age 55+ Includes mild/low impact aerobics, and strength training, no floor work 45 min class
- AOA Pool Fitness: Active Older Adults- Age 55+ Endorsed by the Arthritis Foundation Aquatic Program. Workout with an instructor in the small pool, guiding you through exercises that will encourage full range of movement and resistance exercises to help build muscle. This is a low intensity water workout.
- Body Shaping: This non-aerobics class will cue you through the right body posture and movement to gain muscular strength for your entire body. The instructor will demonstrate how to use the equipment from hand weights, body bars, bands, exercuffs, stability balls, and steps. Feel strong as you sculpt your body with weights.
- Boot Camp: Mix up your routine to keep those muscles guessing. This heart pumping class uses cardio drills: running, jump, ladder, stepping, with a challenging free weight routine. To improve both muscular & cardio endurance and strength. Boot camp incorporates various equipment: body bars, stability balls, steps, bands etc.
- Cardio Strength: Get stronger and healthier with inspiring music, weight plates, body weight and simple athletic movements. That give a complete cardio, strength and flexibility work out.
- Chair Yoga: Enjoy the benefits of yoga without the rigors of getting up and down from the floor.
- Fit After 50 Involves functional exercise moves for real life activities and exercises to prevent injuries.
- Group Cycling: Experience your cycle class on a Kesier stationary bike. Instructors go over proper seat adjustments and set up, as they guide you through a warm-up, steady tempo cadence, sprints, climbs, and a cool down. You control the resistance by gears to make the pedaling as easy or as difficult as you choose. By using the Keiser monitor, you're able to keep track of your distance and speed.
- Jr Fit: age appropriate active games that incorporates strength exercises, agility, cardio with a special emphasis on proper technique and safety
- Muscle Max A strength training class designed to use a variety of equipment to strengthen and define the muscles of your body. Each muscle group will be worked either individually or in conjunction with other muscle groups, using weights, bars, bands, medicine balls and body weight. Be prepared to feel strong!
- Pool Fitness: Classes are designed for people of all ages to utilize the buoyant qualities of the water to enhance their physical fitness. It is an ideal form of exercise to increase physical strength and endurance without overheating and putting stress on the joints. No swimming skills are required in these classes, but participants should feel comfortable in the water. Class can accommodate beginner through advanced. Located in the large Cole Pool.
- Poolates & Poolates Deep End: Combines the gentle art of Tai-chi and the benefits of Pilates and puts them into the softness and buoyancy of water. This is a great way to work-out the core while being easy on the joints. All abilities are welcomed from athletes to those with joint issues. Poolates Deep End will utilize both the deep and shallow areas of the small pool.
- Stretch & Strengthen: A mindful practice of strengthening and toning your body through varied yoga and balance poses and deep stretching. Though physically challenging, all poses can be adapted to suit the beginner, and still challenge the seasoned veteran.
- Strength Training: Learn basic strength training technique with proper body posture.
- Strong Nation: **STRONG Nation™** combines body weight, muscle conditioning, cardio and plyometric training moves synced to original music that has been specifically designed to match every single move. Every squat, every lunge, every burpee is driven by the music, helping you make it to that last rep, and maybe even five more
- Strength & Conditioning: Strength and conditioning is the practical application of sports science to enhance movement quality. It is grounded in evidence-based research and physiology of exercise and anatomy
- Sword Fit: a fun program that engages the child's imagination while learning variety of sword styles that will build on techniques, form, control, and strategies, all while getting fit. Two-Handed, Single-Handed, Dual Wielding, Light Calisthenics, Stretching, and Movement Repetition, will be utilized.
- TRX: Small group personal training classes taught by a personal trainer to engage multiple muscles simultaneously in various planes while always engaging the core. Suspension training straps, kettlebells, battle ropes etc.
- Total Body Strength is a metabolism boosting workout utilizing multiple joint movements at a high intensity. Fire up your metabolism with these quick explosive moves.
- Yoga : Certified Yoga instructor to help decrease stress, relax your mind and strengthen your body with yoga. Practice physical postures, stretches and yoga poses as you create a balance between the body, mind, and spirit. These classes are geared for various levels with chair yoga suitable for beginners.
- Zumba: Be part of the Zumba family and enjoy some group fun. This cardio dance workout is more like a party while you move to Latin vibe music fused with cardio dance steps.
